

Bodometer Measuring Tape with Wall Stop

The seca 206 Bodometer Measuring Tape with Wall Stop is an economical stadiometer that rolls up out of the way in its own compact case, just like a steel tape measure. This automatic metal tape measure is permanently wall mounted. Just pull down and read through the tape window instantly. The seca 206 has a measuring range of 1" to 78" or 0 to 220 centimeters and is available in either inch measurements or centimeter measurements.

Features	
Measurement Range	1" - 78"
Graduation	1/8"
